

Delivery details...

The standard cost is £7.50 for any number of plants above a minimum order value of £12, this for mainland UK only excluding the Highlands and northern Scottish postcodes for which a supplemental charge of £7 is made. With fuel at £5.50 or more a gallon this represents good value.

All offshore islands including I.O.W., N.I. and I.O.M plus all Scottish islands are subject to this higher shipping charge of £14.50. Please alter the amount in the shipping box if your delivery address is to one of these regions. (We do subsidise the shipping cost and don't charge for packing materials so when the minimum order of £12 is reached any further purchases are postage free.)

The standard cost to Northern EU is £25 for up to 18 plants, 18 up to 30 plants the cost is £40 and 30 to 50 plants the cost is £60.

We send weekly on Monday, Tuesday and Wednesday. Orders received up until mid-morning on Wednesday will usually be sent during the current week, later orders will be despatched during the early part of the following week.

We try to hold good stock of our plants but occasionally shortages occur which can give some delay, we try our best to avoid this.

Local or very large orders may be delivered by our van in open top boxes.
